- COMMUNITY GUIDE

Beaston Spring is the perfect example for a successful village tour. **Having been awarded several prizes in the National BEST Community Competition** which includes winning the top prize four consecutive years for the parish of Westmoreland, the top prize for the entire island out of 240 villages and the top prize for the best visitor experience for the island - , this community combines the elements history, culture, people and nature that are the essential ingredients to prosper in the tourist sector. Its collaboration with Sandals Whitehouse is evidence that cooperation between communities and All-Inclusive-Resorts can indeed be successful since both parts profit from it.
